Advance Notice on the Convening of 2024 World Transport Convention

To whom it may concern,

The World Transport Convention (WTC) is an international academic conference and exhibition platform in the field of transportation jointly supported by domestic and foreign transportation science and technology organizations. Since its establishment in 2017, WTC has had a great impact on the domestic and foreign transportation industry.

The 2024 World Transport Convention (WTC2024) will be co-hosted by China Highway & Transportation Society, China Institute of Navigation, China Railway Society, Chinese Society of Aeronautics and Astronautics, China Society of Automotive Engineers, and China Air Transport Association, supported by relevant industry authorities, as well as domestic and foreign transport research institutions, universities, enterprises, public institutions and social organizations.

Under the theme of “New Transportation in Change”, the WTC2024 covers academic exchanges, technical seminars, international cooperation, scientific and technological competitions, think tank reports and release of scientific and technological achievements. The WTC2024 is scheduled to

be held in Qingdao cosmopolitan Exposition from June 26 to 29, and the 2024 Transportation Technology Expo will be held at the same time. Notice on the convention is given below.

I. Date, venue, languages

Date: June 26-29, 2024

June 26 – Delegate registration and closed-door meetings, with the opening ceremony and keynote speech session in the afternoon;

June 27-29 – Parallel forums and special events;

June 26-28 – 2024 Science and Technology Expo.

Venue: Qingdao cosmopolitan Exposition (No. 7977 Binhai Avenue, West Coast New District, Qingdao City, Shandong Province)

Languages: Chinese, English

II. Main content

The WTC2024 consists of the opening ceremony and keynote speech session, parallel forums, release of scientific and technological achievements, and featured events (see Annex).

III. Participants

1. Distinguished guests: leaders of relevant ministries and commissions, representatives of international transport organizations, academicians of the Chinese Academy of Sciences and Chinese Academy of Engineering, national engineering survey and design masters and other industry leaders.
2. Representatives of the transport industry: representatives of the transport

departments of various provinces, autonomous regions and municipalities directly under the Central Government; representatives of highway, railway, water transport, aviation, and automobiles; representatives of transport colleges and universities as well as research institutions; representatives of transport enterprises; members of transport associations at all levels.

3. Representatives of relevant industries: representatives of enterprises and public institutions such as housing and construction departments, science and technology departments, trade promotion departments, municipal administration as well as finance and investment.

4. Organizational members: members of the Organizing Committee, Executive Committee, Scientific Committee and Academic Subcommittee of the World Transport Convention.

5. Authors of papers.

6. Representative journalists, etc.

IV. Delegate registration and payment of fees

1. Please log on to the WTC website or the mobile phone (choose one method) to register and pay fees.

Method 1: Log in to the official website of the conference and select the English page to register and pay fees (<https://en.wtc-conference.com/>).

International students in China select the Chinese language page to register, upload the student ID and subject to review before enjoying the student

representative price.

Method 2: Participants scan the QR code, and click “Participation and Exhibition Registration” to register and pay fees (registered participants can directly log in).

2. Due to the security requirements of the conference, all participating representatives must register with their real names and bring their ID cards to the conference.

3. After successful registration, you can pay the conference fee (including material fee, conference fee, and working lunches on the 27th-29th) by transferring the fee through business-to-business account or paying the fee on site (choose one method). Travel, accommodation and meal expenses are borne by participants. Authors should complete the payment in advance according to the review notice.

4. Proof of full-time schooling is required for the enjoyment of student discounts.

Registration Fee

Early Bird Registration	Before May 15, 2024	310 USD
Regular Registration	After May 16, 2024	350 USD
Student		210 USD

5. If you need corporate transfer payment (USD remittance) , Please remit money to the following account and be sure to note the representative's name and participation number.

Payment Details:

Beneficiary: China Highway &Transportation Society

Address: 2nd floor, No.37 Building, Heping Street,Zone 11, Chaoyang District, Beijing

Account No.: 0200203309020185823

Name of Bank: Beijing Municipal Branch Beisanhuan Sub-BRANCH, ICBC

Bank Address: 38 Building,11th district Hepingjie, Chaoyang District, Beijing

Post Code:100013

Bank SWIFT Code: ICBKCNBJBJM

6. If you require a receipt for the conference fee, please send an email indicating “application for invoicing + participation number” to wtc@9811.com.cn. China Highway & Transportation Society will issue the receipt 10-15 working days after the meeting. You can log on to the registered account to download.

7. Participants who are unable to attend the convention for any reason and apply for a refund can send an email named “application for refund + participation number” to wtc@9811.com.cn before 24:00 on May 26, with

the attachment showing the payment method and payment voucher. No refund will be processed after the closing date.

V. Contact details

Conference affairs: 010-64288757/8767

Exhibition and cooperation: 010-64288756/8892

Forum: 010-64288863/8762/8761

Email: wtc@9811.com.cn

QQ consulting group: 826709358

Main events of the 2024 World Transport Convention

China Highway & Transportation Society

April 12, 2024

Annexes:

Main events of the 2024 World Transport Convention

The WTC2024 consists of the opening ceremony and keynote speech session, parallel forums, release of scientific and technological achievements and featured events.

I. Opening ceremony and keynote speech session

On the afternoon of June 26, the opening ceremony will be held, and leaders and representatives of international organizations will be invited to deliver speeches. After that, world-renowned experts will be invited to give keynote reports on frontier innovations in transport technology and its strategic development around the theme.

II. Parallel forums

Parallel forums are divided into theme forums, special forums, poster forums, special interest meetings and technical committee meetings according to the mode and theme of communication. It is planned to hold about 277 parallel forums.

(I) Theme forums: The forums focus on the major forward-looking and key technical issues in the transport industry, covering highway engineering, bridge engineering, tunnel engineering, traffic engineering, transport planning, water transport, rail transit, air transport, automobile engineering, interdisciplinary areas and other fields. These will reflect the latest

scientific and technological achievements and levels in the transport industry around the world. Chinese and foreign well-known scientists, academicians and well-known scholars will be invited to give academic reports. The names of some theme forums are as follows. The final forum name and list shall be subject to the official notice:

No.	Name
1	China-Australia Forum on Sustainable Transport Development
2	Sino-Sweden Zero-emission Mobility Forum
3	Comprehensive Transport Infrastructure Capacity Improvement and Development Forum
4	Forum on Accelerating the Building of A Transport Power
5	Forum on Active Traffic Management Technology in Saturated Highway
6	The 3rd International Forum on Special Pavement
7	Safety and Green Technology Innovation Forum for Highway Pavement
8	Foundation Treatment Technology and Engineering Practice Forum
9	The 2nd Forum on New Materials for Highway Engineering
10	The 4th Sustainable Development Forum of Road Engineering
11	The Application Development Forum of Foamed Asphalt Green and Low-Carbon Technology
12	The 7th Durable Pavement Academic Forum
13	The 6th Forum on Bridge Development

14	The 3rd Bridge Aesthetics Forum
15	The 3rd Bridge structure Health and Safety Forum
16	Underwater Shield Tunnel Construction Technology Forum
17	Technical Forum on Tunnel Construction and Operation in Extreme Environments
18	Technical Forum on Intelligent & Low Carbon Construction of Tunnelling and Underground Engineering
19	Forum on Green and Long-Life Road Engineering in Extreme Environment
20	Green and Low-Carbon Road Transport High-Quality Development Forum
21	The 7th BIM Technology Promotion And Application Forum in Transportation
22	Forum on Highway Digital Transformation and Development
23	Forum on Highway Digital and Intelligent Survey Technology
24	Seminar on Digitalization and Informationization Empowered Road Traffic Safety
25	Forum on Vehicle-Road-Cloud Integration Key Technologies and Large-scale Applications
26	Forum on Intelligent Highways and Infrastructure Digitalization
27	Public Transit Industry Digital Transformation Forum
28	Forum on the Development of Road Consulting Industry Empowered by Digitalization and Intelligentization
29	Seminar on the New Generation Waterborne Transportation System
30	International Transportation and Logistics Forum

31	Port Clusters and Carbon Peaking and Carbon Neutrality Goals Forum
32	Frontiers in Key Technologies and Equipment for Intelligent Operation and Maintenance of Rail Transit
33	Forum on Empowering Comprehensive Stereoscopic High-Quality Development in Transportation with Big Data
34	Forum of Policies and Cutting-Edge Technologies on Transportation Carbon Emission Reduction
35	Transportation Safety and Emergency Response from an Interdisciplinary Perspective
36	Integration of Transport and Tourism to Promote The Belt and Road High-Quality Development Forum
37	The 6th Young Scientists Forum
38	Standard Forum of CHTS
39	2024 International Students Forum
40	The 3rd World Transportation Science and Technology Journal Forum
41	Frontiers of Transportation Interdisciplinary Forum I
42	Frontiers of Transportation Interdisciplinary Forum II
43	More forums are being updated continuously.....

(II) Thematic forum: Taking the Academic as a unit, it focuses on discussing the research progress in various subject areas.

(III) Poster forum: A venue will be designated for the display of accepted paper reports, and paper authors and representatives will be encouraged to conduct discussions. The Proceedings of the 2024 World Transport Convention will be published, and an electronic version of the Abstracts of

WTC2024 Papers will be produced.

(IV) Special Interest Meeting: Meeting representatives conducted face-to-face exchanges and discussions around hot issues in the transportation industry, building consensus through the collision of views and stimulating enthusiasm for innovation.

(V) Technical Committee Meeting: Initiated by the Academic Technical Committee to create an interactive communication platform among members.

III. Release of scientific and technological achievements

A number of influential think tank reports will be released during the conference period. Moreover, a variety of events will be held, including the first release of corporate innovation achievements, the release of standards, the signing ceremony for strategic cooperation and promotions.

IV. Special Activities

In order to improve the effectiveness of the conference and strengthen the interactive exchanges between guests and representatives, various special activities such as theme salons and cooperation negotiations will be held during the conference. At the same time, activities such as the "2024 World University Student Bridge Design Competition Live Finals" and the "2023 China Highway & Transportation Society Science and Technology Award Ceremony" will be held.
